

Executive Concierge Care

The best in health care. Centered on leadership.

Your time is valuable. Your health is essential. At Atrium Health, we believe you should not have to compromise on either. Becoming a member of our Executive Concierge Care program gives you the highest level of personalized care and convenience, so you can live well, stay focused and lead the way. It is best-in-class health care designed to take you and your organization further.

Easy and Efficient

Our team will work with the executive to arrange a complete schedule of care to ensure the visit is comprehensive and efficient.

- Communicating between the executive and our team
- Answering any questions
- Connecting the executive with additional resources
- Collecting and preparing medical records and all paperwork

With Executive Concierge

With Atrium Health's breakthrough treatments, clinical trials and nationally renowned specialists, we're perfectly positioned to deliver the highest standard of executive care. If you're seeking a higher level of personalized, comprehensive primary care, consider our year-long Executive Concierge membership. In addition to the Executive Physical, Executive Concierge offers exclusive benefits, 24/7 access to your primary care team and an enhanced level of health care, tailored to you.

The Executive Physical Includes:

- Pre-visit phone consultation and medical records review
- Extensive laboratory testing
- Enhanced diagnostic testing
- Comprehensive physical exam
- Immunization review and update
- Personalized fitness assessment with our board-certified exercise physiologist
- Nutrition consultation with registered dietitian
- Post-exam recommendations and follow report
- Referrals to Atrium Health specialists
