

Urgent Care Video Visits

Expert care at home, work or on the go

Give your team access to fast, reliable care – anytime. With our **Urgent Care Video Visit** solution, your employees can connect to trusted providers 24/7. Whether it's a cold, flu, sinus infection or other common condition, quick access to care means less time away from work and more time feeling their best – helping you maintain a healthier, more engaged workplace.

According to a payor study, virtual care can reduce emergency room visits by 19%

Care That Delivers

No waiting rooms
